

# Your corporate gifts

**Every wine is unique;** this is why a bottle or several bottles of fine wine is always such a stylish gift. The main issue is, of the 500,000 or so different wines made each year, finding wines that will really stand out and make people take notice. We believe our wines do just that, as most of them are Trophy Winners or have been given a high rating from the most respected wine critics; Robert Parker, Steven Tanzer or the Wine Spectator....

**Perfect Solutions;** Premier Vintners' portfolio of over 400 wines, so you can choose from a great diversity of styles, origins and price points, but always with one constant...**quality!**

Choose from 1, 2, 3, 6 or 12 bottle gift packs all presented in quality packaging.

**Respect of the wine, from the best vineyards to your cellar;** We take great care in sourcing each and every wine, all the way with individual tasting notes and food recommendations through to the end packaging.

Choose the packaging you wish from the simple cardboard case to the luxury silk lined wooden boxes.
